

## HOW TO OBTAIN LRDC's SERVICES

The services are available:

EITHER as part of the British *Aid Programme* to governments of developing countries;

OR on a *contract basis* to international funding agencies, consulting firms or governments.

Governments of developing countries can request LRDC assistance under the British Aid Programme through British Embassies or High Commissions in their countries.

Governments, international agencies or consultancy firms interested in using LRDC's services on contract should write to the Director at the address below.

Further details are available in a folder on the work of LRDC, in biennial Progress Reports, and in a list of publications, all free of charge from:

The Director,  
Land Resources Development Centre (LRDC)  
Tolworth Tower, Surbiton, Surrey, England, KT6 7DY  
Tel. 01-399 5281

# LRDC

## Land Resources Development Centre

## SERVICES

- Surveys of land and water resources
- Assessment of economic and social factors
- Forest inventories and management planning
- Analyses of farming systems
- Settlement planning
- Training in land use planning.

These services can be provided separately or in packages to meet clients' special needs in:

- Regional development planning
- Project identification, preparation and appraisal
- Pre-investment feasibility studies
- Preparation of investment proposals for external financing
- Project monitoring and evaluation.

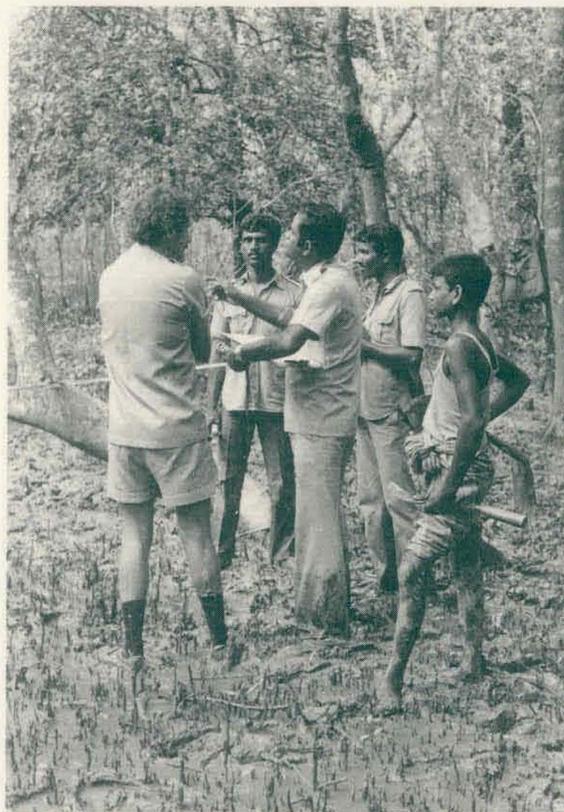

## Interdisciplinary Approach

LRDC stresses the interdisciplinary approach to rural development and employs specialists in a wide range of disciplines including agriculture, forestry, livestock, water resources, soils and land use, and economics.

## Support Services

Comprehensive back-up services are provided in soil and plant analysis, report and map production, data processing, remote sensing and information retrieval.

**The Land Resources Development Centre (LRDC) exists to promote rural development in Third World countries. It is a scientific unit of the British Overseas Development Administration (ODA).**

Training a forest inventory team in Bangladesh. Training is a major component of LRDC projects.

## EXPERIENCE

LRDC has three decades of experience in rural development around the world, working closely with overseas government departments and other clients in running self-contained projects and in strengthening ongoing programmes and institutions.
